## Repair it or Replace It?

You have a unit that needs to be repaired. It has to be done quickly and be the most cost efficient option for your customer. Due to the age of the unit and the cost of repairs, you consider replacing it. The last thing you want is to be on the phone for hours locating and pricing the parts and equipment.

## Make One Call

Your local Trane HVAC Parts & Supplies Center now has the ability to quote your parts and unitary equipment, all in one call. This allows you to provide your customer with the option of fixing or replacing their equipment in a timely manner.

## Save Money

We are able to offer you the best pricing on all your parts and equipment needs by being the most competitive in the industry.

## Convenience

- Prompt delivery
- Factory support and warranty
- Pricing and submittals

## Odyssey™ Split Systems

- (TTA) Split System Cooling System
- (TWA) Split System Heat Pumps  
7½ to 20 tons
- (TWE) Air Handlers 5 to 20 tons
- (TXC) Cooling Coils 10 tons
