

Veolia presents

Trane Air Conditioning Clinics 2018

We are pleased to confirm the 2018 program of the Trane Air Conditioning Clinic series.

Delivered by the experienced team at Veolia, the Trane Air Conditioning Clinics are a series of training modules on the fundamentals of Heating, Ventilating and Air Conditioning (HVAC). This series has a long history with Trane worldwide and has been running in Australia for more than 30 years.

With a core focus on energy efficiency, the Clinic covers a broad range of topics at an introductory level and is ideal for consultants, property managers, building owners, HVAC design engineers, installing contractors, service technicians, building system operators, architects, and others wanting to gain a basic knowledge of how air conditioning systems and components work.

Course materials include training manuals on the topics covered and additional reference materials.

The Clinics will be held over a period of 3 full days. Each session will begin promptly at 8.00am and conclude at approximately 5.00pm, with catering included during this time. The last day will conclude with a presentation dinner.

As in the past, we expect a large response to the Trane Air Conditioning Clinic series. This course has a limited number of places which are allocated on a first come first served basis.

Should you wish to attend this course, please complete the registration form on the following page. The course fee is \$1,900 plus GST per applicant. For registrations and payment received 6 weeks prior to the start of the clinic an early bird rate of \$1,750 plus GST will apply.

We look forward to your participation at this year's Trane Air Conditioning Clinic.

Dates

Auckland 10-11 April	Perth 21-23 August	Melbourne 4-6 September	Sydney 9-11 October	Brisbane 16-18 October	Adelaide 30 Oct - 1 Nov
