Heating

Fast and Reliable Temporary Heating Solutions

Understanding your needs

When temporary heating demand is called for, it is critical to specify the right equipment. It needs to be appropriately sized to deliver the right heating capacity while offering flexibility to adapt to varying loads.

Trane Rental heat pump units provide an exceptional blend of performance and value. Based on a century of experience, Trane has designed a smart and versatile Rental Heat Pump range to serve all your temporary needs that may vary from:

- Drying the concrete floor of a new building
- Industrial process heating
- Meeting temporary heating needs in office buildings
- Seasonal heating requirements in warehouses
- Additional heating demands in healthcare
- And many more

Trane Rental Solutions for heating

Trane Rental Solutions optimize the indoor environment of your building with a broad portfolio of energy efficient heating, ventilating and air conditioning systems.

The delivery and installation of rental units are scheduled to integrate seamlessly into your operation ensuring your building continues to work at its optimum.

Trane Rental fleet is equipped with the latest heat-pump chillers, rooftops and boilers to serve your building in creating and sustaining a safe, comfortable and energy efficient environment while improving the performance of your building. Trane Rental Services provide a full range of heating solutions to offer an optimum solution for today's air conditioning and process heating applications, no matter how demanding. Our 'Plug and Play' concept means easy, rapid and compact installation, ideal for fast turnaround projects.

Why Trane Rental Services?

- A large, young and well maintained fleet of units
- A complete line of accessories for quick and easy installation
- A wide service network with experienced factory authorized technicians.

Turnkey services from start to finish

Trane is a global leader in the manufacture and supply of HVAC equipment. We engineer and build the equipment we use for rental applications. Our turnkey services include equipment supply, setup, monitoring and decommissioning. Most importantly, you can depend on Trane technicians to keep your installation running smoothly. We have everything you need to maintain the flawless operation of your facility.

Heating and cooling solution from a trusted partner
