Fast and Reliable Temporary Cooling and Heating Solutions

Risk mitigation

No matter what your industry, dependable, uninterrupted temperature control is key. But sometimes even the best managed system is not up to the demands placed on it. Effective contingency plans depend on fast and reliable temporary cooling solutions. Trane Rental Services enable you to fully mitigate risk during emergencies, unplanned breakdowns and planned shutdowns.

Trane Rental Services

Every industry is unique and every industry has specific cooling and heating requirements. Our unequalled experience in HVAC enables us to offer the most complete and tailored rental portfolio on the market.

The Trane Rental approach is systematic and includes the selection, installation, commissioning and running of the equipment that you need to meet your operational objectives. And we achieve this with carefully scheduled installation of rental units for seamless integration into your operation.

Trane Rental Services allow you to focus on what you do best: running your business.

Why Trane Rental Services?

- A large, young and well maintained fleet of units
- A complete line of accessories for quick and easy installation
- A wide service network with experienced factory authorized technicians.

Turnkey services from start to finish

Trane is a global leader in the manufacture and supply of HVAC equipment. We engineer and build the equipment we use for rental applications. Our turnkey services include equipment supply, setup, monitoring and decommissioning. Most importantly, you can depend on Trane technicians to keep your installation running smoothly, they already service all of Trane units. We have everything you need to sustain your hotel air conditioning and ensure guest and staff comfort.

Cooling and heating solutions from a trusted partner

Trane has one of the most advanced fleets of rental equipment in Europe. With over 1000 of the best-trained sales engineers and service technicians in the industry strategically located in each country, Trane is in the best position to serve your special applications and seasonal needs. We provide fast, safe and cost-effective solutions. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations.
