

TRANE®

Rental Services for the Events Industry

Fast and Reliable Temporary Cooling and Heating Solutions

Understanding your needs

Event planning starts with choosing the right HVAC equipment. It needs to be appropriately sized to deliver the required cooling capacity while offering the flexibility to adapt to varying occupancy levels.

Optimal climatic conditions in all event areas guarantee a first-class guest experience that will differentiate your business from others.

Trane has the depth of experience necessary to provide challenging event environments with impeccable temperature and air management round the clock and throughout the seasons. In combination with high efficiency products, Trane Rental Services bring in-depth systems know-how and applications expertise to deliver integrated solutions to your event environments.

Trane Rental Services for the Events Industry

Trane Rental Services provide a full range of heating and cooling solutions to offer an optimum solution for today's air conditioning and process applications, no matter how demanding. Our 'Plug and Play' concept means easy, rapid and compact installation, ideal for fast turnaround projects.

Flexible heating, ventilation and air conditioning (HVAC) solutions from Trane transform heat to enhance the quality of your event experience and improve your business performance.

Why Trane Rental Services?

- A large, young and well maintained fleet of units
- A complete line of accessories for quick and easy installation
- A wide service network with experienced factory authorized technicians.

Turnkey services from start to finish

Trane is a global leader in the manufacture and supply of HVAC equipment. We engineer and build the equipment we use for rental applications. Our turnkey services include equipment supply, setup, monitoring and decommissioning. Most importantly, you can depend on Trane technicians to keep your installation running smoothly. We have everything you need to maintain the flawless operation of your facility.

Cooling solutions from a trusted partner

Trane has one of the most advanced fleet of rental equipment in Europe. With over 1000 of the best-trained sales engineers and service technicians in the industry strategically located in each country, Trane is in the best position to serve your special applications and seasonal needs. We provide fast, safe and cost-effective solutions. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations.
