

TRANE ESTABLISHES NEW OPERATIONS IN ARKANSAS

Now hiring additional energy management, HVAC and building experts to help optimize the performance of commercial buildings in Little Rock

Dear Little Rock Community,

We are pleased to announce that Trane®, a leading global provider of indoor comfort solutions and services and a brand of Ingersoll Rand (NYSE:IR), has established new operations in Arkansas effective July 1, 2017.

My name is Mike Enderlin, and I am the general manager for Trane in Arkansas. I have been with Trane for nearly 20 years, and I am proud to lead the new Trane team in the area.

If you are not familiar with us, we optimize indoor environments with a broad portfolio of energy efficient heating, ventilating and air-conditioning (HVAC) systems, building energy and contracting services, parts support and connected building solutions for all types and sizes of commercial and residential buildings.

Trane has already hired a full team consisting of more than 25 local engineers, energy analysts and technicians, with the plans to continue to expand the operations throughout the remainder of 2017. We are ready and committed to support you on your upcoming and current projects.

As a graduate of the University of Arkansas, I am pleased to be back in Arkansas where I can help serve customers with our new local team and also support the local communities where we live and work.

Personally, I have been involved with and supported Cure SMA® (spinal muscular atrophy). Trane, in the surrounding communities has held American Red Cross® Blood Drives at our facilities and supported local food banks and Science, Technology, Engineering and Math (STEM) programs. Trane plans to contribute to Little Rock in similar capacities.

We appreciate your business and look forward to serving you in the future. For all building automation, parts, service and HVAC equipment needs, please contact our office by phone at **501-227-3009**.

Sincerely,

Mike Enderlin
General Manager
Trane – Arkansas

About Ingersoll Rand and Trane

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands — including Club Car®, Ingersoll Rand®, Thermo King® and Trane® — work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a \$13 billion global business committed to a world of sustainable progress and enduring results. Trane solutions optimize indoor environments with a broad portfolio of energy-efficient heating, ventilating and air-conditioning systems, building and contracting services, parts support and advanced control.
