

Change can't wait.
We have the funding solutions.

Upgrade Indoor Air Quality now

Indoor air quality (IAQ) has always been an important part of healthy, effective learning environments. Today it's more important than ever. Trane IAQ Assessment offers answers to important questions about IAQ in your schools, and it provides an action plan to optimize and upgrade the HVAC system to meet current CDC and industry standards.

Our low-cost financing and flexible solutions will enable you to take immediate action during these unprecedented times.

Get past funding roadblocks

Get the financial catalyst you need to elevate IAQ in your facilities—right now. Trane’s K-12 experts can help you evaluate the most affordable ways to pay for IAQ upgrades, so you can act quickly.

Grants, rebates and more

Need help navigating the maze of CARES Act funding, grants, utility rebates and other available resources? We can help.

Funding through Trane Integrated Funding Solutions

Offering the flexibility you need.

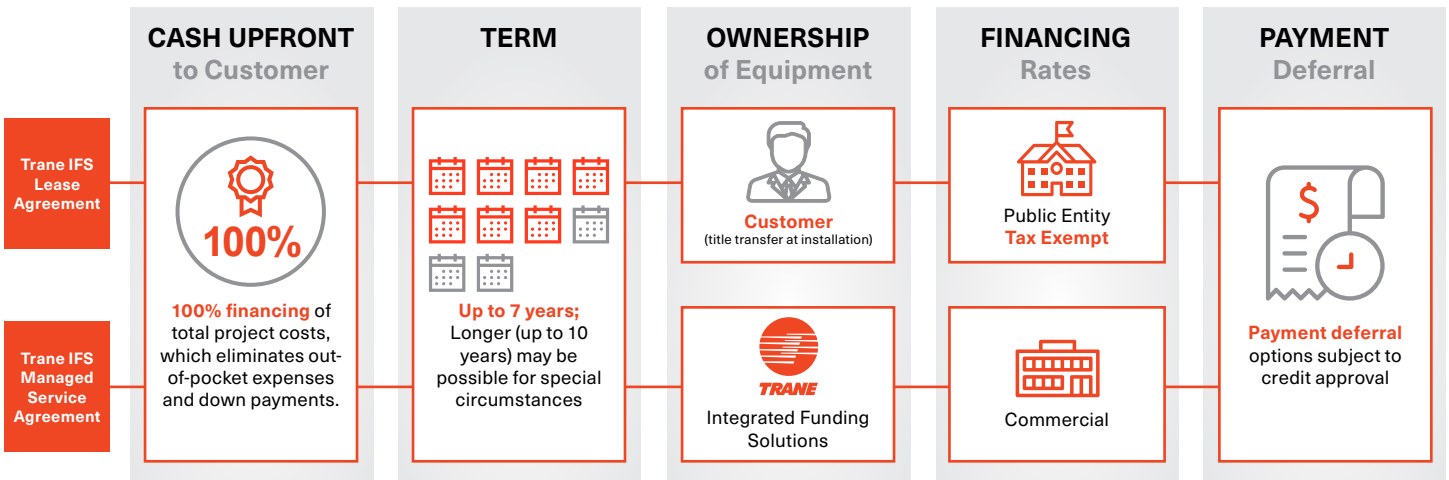

Group purchasing

All Trane products and services are available through the OMNIA® Partners group purchasing organization, helping you to further save money and simplify the purchasing process.

Balance the financial equation

- ✓ **Low cost financing**
- ✓ **No out-of-pocket expenses** or down payments
- ✓ **Preserves capital** and other forms of credit
- ✓ **Cash flow forecasting** helps address budget constraints to obtain project approval
- ✓ **Flexibility** in tailored financing structures and repayment terms balance economics, incentives, and other objectives
- ✓ **Potential energy savings** may defray project costs
