Commercial Space Heating Solutions

# Electric Unit Heaters

Trane Expanse™ Electric Unit Heaters are a versatile and reliable presence in traditional electric space heating equipment. This compact and lightweight line offers a considerable selection of sizes and options to address a wide range of commercial space heating needs. Simple to install and easy to maintain, their structural integrity and attractive design make them a popular choice for blending into a building's décor.

## Electric Unit Heaters

An essential element in the Expanse line of comprehensive commercial space heating solutions.

### Electric Highlights

Expanse Electric Unit Heaters offer a wide range of features and sizes that allow you to configure device specifications to suit every workspace in your facility.

- 7 styles, over 200 configurations
- Sized from 1.5 to 50 kW
- Capacities from 5 to 16.4 MBh
- Vertical or horizontal discharge
- Single point power
- UL Listed

### Countless Applications

The Trane Expanse series of Electric Unit Heaters offer a number of models, each tailored for applications such as spot heating, corridors, lobbies and stairwells in commercial, industrial and institutional locations, including:

- Hospitals
- Schools
- Dormitories
- Transportation terminals
- Municipal buildings
- Nursing homes
- Hazardous industrial

### Harsh Environments

Design elements that address safety and durability provide even greater flexibility when configuring units for the unique operating conditions in your facility, including humid, corrosive and flammable environments.

- Explosion Proof
- Phenolic Coatings
- Stainless Steel

### Streamlined Installation

Trane Expanse Electric Unit Heater components are assembled, wired, fused and tested at the factory. This makes job site installation a plug and play process ensuring faster setup, increased reliability and optimal performance.

### Expanse Electric Unit Heater Models

Product Description	Model	Stats
Expanse Horizontal and Vertical Spot Heating Electric Unit Heater	UHEC	Spot Heating 3 to 50 kW
Expanse Hose-Down, Corrosion Resistant Electric Unit Heater	UHRA	Rugged Industrial 3 to 48 kW
Expanse Explosion Proof Electric Unit Heater	UHXA	Rugged Industrial 3 to 25 kW
Expanse Commercial, Ceiling Mounted Electric Unit Heater	UHCA	Public Spaces 2 to 5 kW
Expanse Heavy Duty, Wall Mounted Electric Unit Heater	UHWA	Vandal Resistant 2 to 5 kW
Expanse Architectural Wall Mounted Electric Unit Heater	UHAA	Public Spaces 1.5 to 4.8 kW
Expanse Electric Wall Fin	EWFB	Public Spaces 100 to 500 Watts per Foot

### Service Agreements

Planned maintenance with Trane service agreements can keep your systems operating at peak efficiencies, conserving operating costs and supporting budget goals.
