On the Go, in the Know, and in Control
Nexia™...Taking Your Home’s Comfort and Efficiency to a Whole New Level.

Manage your home from anywhere.

Nexia helps you connect to your home from an all-in-one app. If you’re looking for smart home ideas or for a single app that controls over 400 smart home products including security cameras, water leak sensors, thermostats, remote control lighting and much more, Nexia has the solution for you!

Compatible and controlled by Nexia.

Nexia is built on an open architecture platform, which means it works with products from a number of different manufacturers. We are selective and work with brands that are innovative and reputable. So, with Nexia, not only can you choose the products you prefer, you can have the confidence those products are well built and supported by the most trusted and innovative brands in the home.

For a list of compatible devices, go to http://www.nexiahome.com/compatible-products

*Nexia™ Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia smart home system requires a monthly subscription for remote access via most web-enabled smartphones and computers.
## Getting Started With Nexia™

The heart of a Nexia smart home system is the Nexia Bridge. The 850 and 824 Controls are built with the Nexia Bridge inside. Stand-alone versions of the Nexia Bridge are also available (see below). All of these products contain the Z-Wave® technology that will speak to and connect with other Z-Wave products you can use to manage, monitor and automate your home.

### Nexia Bridge Inside

- **950 Control**
  - Model No.: *ZONE950AC52ZA*
  - Features:
    - Nexia Remote Climate Access included: •
    - Nexia wireless connectivity: Wi-Fi
    - Nexia Bridge inside: •
    - Nexia Bridge (below) required for remote climate access and remote connection to Z-Wave devices: •
    - Compatible with Communicating and Variable Speed Systems: •
    - Touchscreen Display Size (inches diagonal): 7" HD
    - Display color type: Full Color
    - Programmable (days/schedules per day): 7/6
    - Heat/cool stages: 5/2
    - Adjust home temperature remotely: •
    - Upgradable software: •
    - Digital photo frame: •

- **850 Control**
  - Model No.: *CONT850AC52UA*
  - Features:
    - Nexia Remote Climate Access included: •
    - Nexia wireless connectivity: Wi-Fi
    - Nexia Bridge inside: •
    - Nexia Bridge (below) required for remote climate access and remote connection to Z-Wave devices: •
    - Compatible with Communicating and Variable Speed Systems: •
    - Touchscreen Display Size (inches diagonal): 4.3"
    - Display color type: Full Color
    - Programmable (days/schedules per day): 7/6
    - Heat/cool stages: 5/2
    - Adjust home temperature remotely: •
    - Upgradable software: •
    - Digital photo frame: •

- **824 Control**
  - Model No.: *CONT824AS52DA*
  - Features:
    - Nexia Remote Climate Access included: •
    - Nexia wireless connectivity: Wi-Fi
    - Nexia Bridge inside: •
    - Nexia Bridge (below) required for remote climate access and remote connection to Z-Wave devices: •
    - Compatible with Communicating and Variable Speed Systems: •
    - Touchscreen Display Size (inches diagonal): 4.3"

  - Model No.: *CONT624AS42DA*
  - Features:
    - Nexia Remote Climate Access included: •
    - Nexia wireless connectivity: Z-Wave
    - Nexia Bridge inside: •
    - Nexia Bridge (below) required for remote climate access and remote connection to Z-Wave devices: •
    - Compatible with Communicating and Variable Speed Systems: •
    - Touchscreen Display Size (inches diagonal): 4.3"
    - Display color type: Black and White
    - Programmable (days/schedules per day): 7/4
    - Heat/cool stages: 4/2
    - Adjust home temperature remotely: •
    - Upgradable software: •
    - Digital photo frame: •

### Nexia Stand-Alone Home Bridge Starter Bundle

Bundle includes the Nexia Bridge and an appliance module in one convenient package. It securely connects Nexia-enabled devices in your home to your smartphone and computer through your router.

- Model No.: 811097020129

### Nexia Stand-Alone Home Bridge

Connects to your router and all of the Nexia-enabled products throughout your home. Allows you to control your home from your smartphone, tablet, or computer. Add compatible products to the bridge to expand your home automation system anytime.

- Model No.: 811097020006

*First character can be “A” or “T”*
## Nexia™-Compatible Products

Here are some of the most popular Nexia-compatible products that are readily available from your local Nexia dealer. Hundreds of additional Nexia-compatible Z-Wave® products are available from dozens of manufacturers and distributors online and from most consumer electronics and home improvement retailers.

### Nexia™ Wireless Cameras
Remotely view what is happening inside and outside your home. Motion activated recording available.
- Outdoor Model No. – 811097020174
- Indoor Model No. – 811097020303

### Appliance Module
Control small appliances and plug-in incandescent, fluorescent, and LED lighting.
- Model No. – 811097020044

### Linear® Siren and Strobe Light
The combination siren/strobe warning device, designed to alert intruders of a security system presence, can be turned on and off remotely via the Nexia app.
- Model No. – 0938631325058

### Motion Sensor
Remotely monitor home’s activity and movement. Receive alerts when activity is detected.
- Model No. – 811097020112

### GoControl™ Glass Break Sensor
Detects the sound of breaking glass and sends an alert via the Nexia web portal and mobile app.
- Model No. – 093863133282

### Fibaro™ Multi-Sensor
Detects motion and changes in light and temperature and sends an alert to the Nexia web portal and mobile app.
- Model No. – 857934005256

### Jasco™ Fan Control Switch
Turns ceiling fans on and off and controls up to three speeds remotely from the Nexia mobile app or web portal.
- Model No. – 030878127301

### Nexia™ One Touch
Controls smart products with the touch of a button. Using the Nexia portal or app, assign any mode or automation to one of 15 presets. Nexia One Touch operates stand alone, no phone or computer required.
- Model No. – 811097020341

### Light Dimmer Module
Control/dim plug-in incandescent lighting.
- Model No. – 811097020082

### First Alert® 2-in-1 Z-Wave Smoke & Carbon Monoxide Alarm
Helps ensure that your home and family are protected from fire, smoke and carbon monoxide even when you’re not there.
- Model No. – 029054013026

### Door / Window Sensor
Remote monitoring of doors and windows within your home.
- Model No. – 811097020105

### Linear® Z-Wave® LED Light Bulb
Turn on, off, and dim the LED bulb via the Nexia web portal and mobile app.
- Model No. – 093863132995

### Nexia™ Doorbell Sensor
Detects and alerts when doorbell button is pressed.
- Model No. – 811097020396

### Linear® Garage Door Controller
Open, close and monitor the status and receive alerts about your garage door from anywhere with the Nexia app.
- Model No. – 093863124389

### First Alert® 2-in-1 Z-Wave Smoke & Carbon Monoxide Alarm
Helps ensure that your home and family are protected from fire, smoke and carbon monoxide even when you’re not there.
- Model No. – 029054013026

### Nexia™ One Touch
Controls smart products with the touch of a button. Using the Nexia portal or app, assign any mode or automation to one of 15 presets. Nexia One Touch operates stand alone, no phone or computer required.
- Model No. – 811097020341

### Light Dimmer Module
Control/dim plug-in incandescent lighting.
- Model No. – 811097020082

### First Alert® 2-in-1 Z-Wave Smoke & Carbon Monoxide Alarm
Helps ensure that your home and family are protected from fire, smoke and carbon monoxide even when you’re not there.
- Model No. – 029054013026

### Door / Window Sensor
Remote monitoring of doors and windows within your home.
- Model No. – 811097020105

### Linear® Z-Wave® LED Light Bulb
Turn on, off, and dim the LED bulb via the Nexia web portal and mobile app.
- Model No. – 093863132995

### Nexia™ Doorbell Sensor
Detects and alerts when doorbell button is pressed.
- Model No. – 811097020396

### Linear® Garage Door Controller
Open, close and monitor the status and receive alerts about your garage door from anywhere with the Nexia app.
- Model No. – 093863124389

### First Alert® 2-in-1 Z-Wave Smoke & Carbon Monoxide Alarm
Helps ensure that your home and family are protected from fire, smoke and carbon monoxide even when you’re not there.
- Model No. – 029054013026

### Nexia™ One Touch
Controls smart products with the touch of a button. Using the Nexia portal or app, assign any mode or automation to one of 15 presets. Nexia One Touch operates stand alone, no phone or computer required.
- Model No. – 811097020341

With Nexia™, you can do all this...and more.

- Automatically turn on the porch light and receive an alert when your doorbell is rung.
- Schedule front porch light to turn on and off automatically.
- Automatically turn on the lights, trigger the siren, and receive an alert when breaking glass is detected.
- Remotely view and automatically record what is happening inside your home.
- Turn outdoor and indoor lights on and off when on vacation to give the appearance that someone is home.
- Receive alerts when the siren alarm is triggered by motion or an event.
- Remotely turn lights on, off or dim.
- Open, close and monitor your garage door even when you’re not home.
- Turn on the air conditioning when motion is detected and suspend operation if a window is left open.

Nexia™
Trigger the siren and receive a text or e-mail alert when smoke or carbon monoxide is detected in your home.

From Nexia:
Smoke has been detected in the Hallway.

Recall up to 15 pre-programmed automations and modes with the touch of a button. For instance, one tap will shut off the lights, lock the doors, and adjust the temperature as you leave the house.

Receive an alert when a water leak is detected in a bathroom, laundry room, hot water closet or near the dishwasher.

Remotely view and record what is happening outside your home.

Turn on lights when motion is detected.

Lock or unlock doors remotely and receive a text message when a door is unlocked.

Control small appliances such as ensuring the coffee pot is turned on at 6am and turned off by 9am on selected days of the week.

Get a handle on your energy consumption with scheduling, and use less energy when everyone’s away.

Nexia™ is compatible with over 400 certified Z-Wave® devices. Z-Wave® is a registered trademark of Sigma Designs and/or its subsidiaries.

Z-Wave® is a registered trademark of Sigma Designs and/or its subsidiaries.
Our dealers put you in control.

Your independent heating and air conditioning dealer who offers Nexia™ products is a highly trained professional who will work with you every step of the way in choosing the system that’s right for you – from walking you through the entire purchasing process to conducting an in-depth analysis of your home and your comfort needs. Based on that information, your dealer will recommend a system that works best for your home. After all, the more efficient the system, the more comfortable you’ll be.

What you need to get started with Nexia.

- Active broadband internet connection
- For Nexia Bridge built into the 850 and 824 Control, sufficient WiFi signal strength at the Control mounting location
- A valid e-mail address
- For mobile accessibility, an iOS, Android or Windows Phone smartphone or tablet with an internet data plan and an SMS (text messaging) plan

What sets Nexia apart?

- No fixed term contracts or cancellation fees
- Compatible with over 400 other connected devices
- For the 950, 850 and 824 Controls, Nexia™ Diagnostics can detect issues with your heating and cooling system before they become major repairs
- Open architecture supporting connected devices from many manufacturers
- U.S.-based call center for live customer support
- Your privacy is assured; Nexia will never sell your data
- Subscriber welcome program for onboarding
- Best-In-Class Setup and Installation Wizards for consumers

Nexia™ is a brand of Ingersoll Rand. Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a $13 billion global business committed to a world of sustainable progress and enduring results.
