ComfortLink™ XL850 Control

Connects with Nexia™ Home Intelligence

Take control of your home's heating, cooling and energy usage with the state-of-the-art ComfortLink™ XL850 Control. Designed especially for use with ComfortLink™ enabled and variable speed systems, this control comes equipped with a built-in Nexia™ Home Intelligence Bridge, you can remotely control and schedule the thermostat—and up to 200 additional Z-Wave products throughout your home—from any Internet-enabled smartphone, tablet or computer.

▶ Adjust heating or cooling temperatures from your smartphone before arriving home.

▶ Receive high- and low-limit temperature alerts via text and email if your heating and cooling system does not maintain the desired temperature settings.*

▶ Adjust heating and cooling temperatures remotely while on vacation or for a rental home as the seasons change.

▶ View system-generated usage charts so you can make temperature/schedule adjustments to manage energy consumption.

*Display screen varies by control.

FREE SUBSCRIPTION TO NEXIA™ HOME INTELLIGENCE

The ComfortLink™ XL850 Control comes with a complimentary subscription to Nexia™ Home Intelligence. You can remotely access your thermostat to make adjustments, set limits and schedule changes from any Internet-enabled smartphone, tablet or computer. Upgrade your subscription and add other Nexia products (locks, lights, camera, etc.) to stay connected to what matters most. Learn more at nexiahome.com.

NEXIA™
HOME INTELLIGENCE

[2] Requires high speed router, internet service and Nexia™ Home Intelligence

We are committed to using environmentally conscious print practices.

With Nexia™ Home Intelligence, you can keep your home within reach—from wherever you are. The Nexia™ Bridge—whether standalone or integrated into a product like the Trane ComfortLink™ XL850 Control—creates a secure wireless connection between your home's Nexia-enabled products and your mobile web devices. This allows you to remotely monitor and control some of your home's most basic functions, including HVAC, security, lights, cameras and more.

As a leading home automation platform, Nexia has pioneered home control that is simple, affordable and reliable. We've also collaborated with many leading household brands—including Schlage, Trane, GE and Levitron—to ensure Nexia gives you the choice and flexibility you desire. Add control and convenience to your home today with Nexia.

Visit nexiahome.com for more details.

Monthly Subscription
Nexia™ Home Intelligence gives homeowners the ability to remotely manage locks, cameras and sensors in a home for a minimal monthly fee.
