Designed for maximum efficiency and Energy Star® qualification. Trane Air Conditioners deliver efficiency. In fact, some Trane Air Conditioners are so efficient, they are Energy Star® qualified.
WE'RE NOT THE ONLY ONES TALKING ABOUT RELIABILITY.

America’s Most Trusted® HVAC Brand
6 Consecutive Years

Most Reliable Heating and Cooling Equipment Brand

MORE STAGES MEAN MORE COMFORT AND EFFICIENCY.

Sometimes you just feel “too hot” or “too cold” between cycles of your system. Having 700 stages nearly eliminates temperature fluctuations. Your system glides along as if on cruise control, barely sipping electricity for much of the day. It also runs at lower speeds for longer periods of time offering:

- Advanced temperature control
- Lower humidity
- Reduced sound
- Enhanced filtration
- Lowest cost per minute

SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ (Systems Extreme Environmental Test) lab. Put through five years of extreme wear and tear in just a few months, our products can stand up to the harshest environments imaginable.
A CLOSER LOOK

WeatherGuard™ III Top It’s not only attractive, the durable polycarbonate material provides lasting protection.

Exclusive Refrigerant Cooled Inverter keeps electronics at a consistent temperature leading to improved performance and reliability.

Climatuff® Variable Speed Compressor Is the heart of Trane TruComfort™ technology. It automatically adjusts itself while maintaining constant and consistent comfort.

Compressor Sound Insulators reduce operating sound for a quieter home environment.

Full-Sided Galvanized Steel Louvered Panels Protect internal components while preserving airflow efficiency.

Powder-Paint Finish is virtually indestructible for maximum protection against corrosion and rust, and years of reliable protection.

WeatherGuard™ Zinc-Coated Fasteners for corrosion resistance and longer life because even minor details are what Trane reliability is all about.

Integrated Fan System With its unique blade-down design improves airflow, enhances performance and reduces sound levels.

Exclusive All-Aluminum Spine Fin™ Woven Coil Enhances airflow and heat transfer while resisting corrosion and leaks. They are proven far more reliable than traditional copper and aluminum coils.

ComfortLink™ II Communicating Control Board Powers the compressor and controls communication between components to optimize your comfort and efficiency.

Simplified Two-Wire Connection allows for easier installation while reducing the need for structural modifications.

DuraTuff™ Rustproof Basepan won’t crack, corrode, rust or warp.

The features and components vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

All Trane air conditioners have a 10 year limited warranty on the outdoor coil and all other internal functional parts (residential use).

The XR units have a 10 year limited warranty on the compressor, while the XV and XL units have a 12 year limited warranty on the compressor.

Trane’s Longer Limited Warranty Terms apply with purchase of the unit. Base Limited Warranty terms may apply. Limited Warranty information on specific products can be found on Trane.com.

Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply.

* XV20i/XV18 vary speed in 1/10 of 1% increments.
Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained in the business and have an extensive understanding of the movement and conditioning of air and the expertise to advise, install and maintain the right system for your home.

**TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.**

Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia system requires a monthly subscription for remote access via most web-enabled smartphones and computers.

Nexia® allows you to manage your home remotely using most web-enabled mobile devices. With just the touch of a button, you can unlock a door, turn on lights, or adjust your heating & cooling from a distance to save energy. Simply put, Nexia gives you home automation in the most simple and accessible way. All so that you can connect with your home, even when you’re not at home.

**RUN YOUR HOME FROM WHEREVER LIFE TAKES YOU.**
