WHY ULTRA-LOW NO_x?

When selecting a Trane® Ultra-Low NO_x gas furnace, you'll experience high quality, long-lasting performance, along with reduced environmental impact. Why is this important? Nitrogen oxides (NO_x) are greenhouse gases that contribute to climate change by trapping heat in the atmosphere, which has led some areas of California to regulate residential gas furnace emissions. Trane's Ultra-Low NO_x systems aren't just designed to keep you comfortable, they are among the lowest NO_x-emitting furnaces on the market.

HOW DOES IT WORK?

Trane's Ultra-Low NO_x gas furnaces use a new, innovative burner design to reduce emissions by as much as 65% compared to a standard furnace.* In addition to boasting exceptionally low emission levels, these furnaces are highly efficient with tubular heat exchangers and insulated cabinets. The L9X1 condensing furnace family provides an Annual Fuel Utilization Efficiency (AFUE) of 95, meaning 95% of fuel is converted into heat while the L8X1 and L8V1 noncondensing furnace families offer an AFUE of 80%.

WE'RE NOT
THE ONLY
ONES
TALKING
ABOUT
RELIABILITY.

A CLOSER LOOK: L9X1 CONDENSING FURNACE

Silicon Nitride Hot Surface Igniter
Offers longer service life and high reliability.

Patented Burner Design
Reduces NOx emissions by as much as 65%* while delivering exceptional comfort.

95% Annual Fuel Utilization Efficiency
Saves you money while keeping you warm and comfortable.

Durable Steel Insulated Cabinet
Holds more heat in the furnace, ensures greater durability and reduces operating sound.

Tubular, Aluminized Steel Heat Exchanger
Keeps you comfortable year after year with its ability to withstand higher temperatures and efficiently transfer heat.

Secondary Heat Exchanger
Extracts additional heat from the combustion process and is made of corrosion-resistant stainless steel for durability.

Constant Torque Electronically Commutated Motor
Helps lower monthly energy bills, reduce noise and deliver the best possible airflow to keep your home comfortable.

*65% reduction versus the prior requirement of 40 ng/J.

The furnace shown is for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

A CLOSER LOOK: L8X1 NON-CONDENSING FURNACE

Silicon Nitride Hot Surface Igniter
Provides longer service life and excellent reliability.

Durable Cabinet
Helps resist corrosion with its painted exterior and heavy gauge composition.

Low NOx Emissions
Emits less NOx than a standard furnace, reducing emissions up to 65%.*

Tubular Heat Exchanger
Reliable heat exchanger design resists corrosion, withstands higher temperatures, and is backed by a limited lifetime warranty.

High-Efficiency Constant Torque ECM (Electronically Commutated Motor)
Reduces monthly energy bills and noise, and delivers the best possible airflow to keep your home comfortable in all seasons.

Insulated Cabinet Design
Holds in more heat to help you get more for your money—and reduces noise too.

The Ultra-Low NOx Furnace shown is the L8X1 and is for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

*65% reduction vs the prior requirement of 40 ng/J | Ultra-low NOx furnaces have NOx emissions of 14 ng/J; these emissions are lower than standard low-NOx furnaces by approximately 65%.

All Trane L-Series condensing +90% furnace families have a Lifetime Limited Warranty on the heat exchanger and a 10 year limited warranty on internal functional parts (residential use only). Ask your dealer for full warranty information at time of purchase.

All Trane L8V1 80% non-condensing gas furnaces have a limited lifetime warranty on the heat exchanger and a 10 year limited warranty on internal functional parts (residential use only).

Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

Trane Home connects to your Trane HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at Trane.com/residential/home-subscription/

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles³ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁴. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁶ by the Asthma & Allergy Foundation of America.

Trane CleanEffects® is verified zero ozone producing so you can breathe easier knowing your air is free from harmful byproducts.⁶

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS AND DEHUMIDIFIERS

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.
