PROGRAMMABLE

EVERY HOME DESERVES PRECISE, EVEN COMFORT.

Trane's programmable digital thermostats put comfort in your control. Their large, user-friendly screens make it easy to set 7-day or 5-1-1 schedules to meet your needs, and their real-time clocks automatically change for Daylight Savings Time.

RELIABLE DESIGN. EASY TO READ.

Trane's non-programmable thermostats are simple to use, changing between heating and cooling automatically. An alert lets you know when to change your filter, and the built-in memory retains your settings even when power is interrupted.

WE FREEZE.

EXPOSE.
LISTEN.
AND TAKE THEM HOME WITH US.

SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ [Systems Extreme Environmental Test] lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

AMERICA'S MOST TRUSTED® HVAC BRAND
7 CONSECUTIVE YEARS¹

MOST RELIABLE HEATING AND COOLING
EQUIPMENT BRAND²

¹Trane received the highest numerical score in the proprietary Lifestory Research America's Most Trusted® HVAC Brand study for years 2015, 2016, 2017, 2018, 2019, 2020 & 2021. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com.

WE'RE NOT THE ONLY ONES TALKING ABOUT TRANE'S RELIABILITY.

A CLOSER LOOK

PROGRAMMABLE

XR300 Series Touchscreen Thermostats

These thermostats are simple to program, easy to read in any light, and feature a 7-day or 5-1-1 programmable schedule, with the ability to automatically switch between heating and cooling as needed. For greater convenience, they feature a real-time clock, filter, humidifier pad, and UV lamp service reminders.

XR303

XR203

XR200 Series Thermostats

Feature a 5-day or 5-1-1 programmable schedule that is simple to program and accommodates separate schedules for weekdays and weekends, custom-tuning your comfort and system energy use to your lifestyle.

NON-PROGRAMMABLE

XR100 Series Thermostats

Trane's durable, hardworking thermostats provide a large 1.9" display for easy-to-read numbers, showing temperatures in Fahrenheit or Celsius.

The Trane XR300, XR200, XR100 Series thermostats have a 5-year limited warranty on functional parts.

As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice. Read important energy cost and efficiency information available from your dealer.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air, and the expertise to advise, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

Trane Home connects to your Trane HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at Trane.com/residential/home-subscription/

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home² where the air can be up to 5X poorer quality than the air outside³. To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles⁴ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁵. This level of filtration makes it up to 100X more effective than a standard 1" filter⁶. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁷ by the Asthma & Allergy Foundation of America.

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS AND DEHUMIDIFIERS

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.

²The National Human Activity Pattern Survey (2001) | ³U.S. Environmental Protection Agency, EPA/600/6-87/002a. (1987)

⁴Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁵As reported by airmid healthgroup in ASCR092142v2 (2015) | ⁶Assuming <1% removal rate of 0.3-10 micron particles
